POE FOR TEENS

Since 1988, Pipe Organ Encounters (POEs) have introduced more than 1,500 young people to the organ through instruction in organ playing, repertoire, history, design, and construction. These regional summer organ music institutes for students aged 13–18 provide private and group instruction, opportunities for ecumenical worship, and a chance for young musicians to meet others with similar interests. Basic keyboard proficiency is required, although previous organ study is not necessary. Local POE Committees may choose to grant special consideration on an individual basis for admission of a potential registrant whose age or training differs from the guidelines.
